Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Live Language Lessons: Teachers Manual This manual has been prepared especially for those using Live Language Lessons. It contains definite helps, however, for all teachers who would vitalize the language work of their schools. The effort of the author has been to produce a practical guide book which points the natural, the progressive way to train pupils effectively to express themselves in choice living language. The constructive suggestions offered herein come directly out of experiences in the classroom. The illustrations given have been developed by the author and others while teaching Live Language Lessons in various types of schools in many different states. It is hoped that this little handbook of helps will encourage teachers everywhere to take the rational road to success in language teaching, and enable them, while in service, to get the richest possible results from their work. How Live Language Lessons may best be taught can be readily discovered by a careful study of the texts themselves. The method is plainly revealed in every exercise. There seems need, however, to give teachers an even clearer view of the general plan of the books, to explain the fundamental principles on which they are based, and to make plain the essentials that must not be forgotten in their teaching.
