Skyhorse Publishing. Paperback. Book Condition: new. BRAND NEW, Bioenergy Healing: Simple Techniques for Reducing Pain and Restoring Health Through Energetic Healing, Csongor Daniel, Widely recognized as one of the most powerful healing methods that have ever been developed, bioenergy healing is relatively easy to learn. Csongor's unique writing--as if you were listening to him live at one of his seminars--makes this comprehensive book on energy healing a light, yet very informative read. If you are a fast reader, you may learn to heal in only one day. By the end of the book, you will become a healer for a lifetime. Csongor Daniel was one of the first officially recognized bioenergy healers in the former Yugoslavia, trained by the legendary Zdenko Domancic. While his teacher has healed more than a million people, Csongor has no such ambitions. Instead, he would like to teach more than a million of you how to become healers yourselves. Bioenergy Healing will teach you how to feel and see the energy fields of the body and how to manipulate the energy in order to induce healing. QR codes throughout the book enable readers to see the techniques demonstrated in brief videos. Who needs Bioenergy Healing? Anyone who has ever dabbled in healing, but is still looking for the right method; people who read most books on energy healing, but are still puzzled by complicated approaches and explanations; individuals who want to learn energy healing, but are too busy to take months or years of courses; health professionals who want to add a new effective modality to their practices; parents and children who want to help their friends and family members reduce or eliminate pain and heal without drugs. In other words: everyone wanting to help others to heal.
