No more copying meaningless statements from the text! The Analytical Notes process by Dr. Robert Pauker is a simple technique that helps students organize and analyze ideas resulting in increased student comprehension and accelerated learning. How it Works The Analytical Notes process gives students a step-by-step approach that enables them to focus on important ideas and support these ideas with key information. The Analytical Notes format and graphic organizer provide students a visual way to analyze the content. Students learn to determine which details and ideas are significant. As a result, students use critical thinking skills to heighten their comprehension.
