FREE TEST ENGINE SOFTWARE This concise, practical guide gives you access to the personal study notes of a charter holder who passed all three levels of the Chartered Financial Analyst exams on his first attempt. He saves you time by cutting through the almost overwhelming, multi-volume CFA curriculum to help you separate information that's tangential from what's essential to pass the exam: Distills only the critical concepts for each Study Session and Learning Outcome Statement (LOS) into an easy-to-follow, boxed and numbered study outline. Uses Examples to show you how to apply the principles from each LOS. Clearly explains how to execute and interpret all relevant equations. Sam discovered that other study guides cover the same ground, offering less material than the CFA Institute, but still give more than you really need to know. Use this one volume as a pre-study guide to prepare you to read the CFA curriculum materials -- and as a review aid to ensure that you've mastered critical information most likely to appear on the exam.
