Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Petersen s Fur Traders Lexicon This Lexicon contains many of the local and trade designations as well as the proper English and some of the Foreign names of the animals mentioned, and gives the habitat and range of each species. A number of the animals named are not fur producers, and are only referred to here because of their scientific interest, their relationship to some fur-bearing animal, or the commercial value of the wool, horns and leather obtained from them. No attempt has been made to estimate the annual production of the species whose skins are only used by the furriers in limited quantities, but carefully prepared figures are given to convey an approximate idea of the number of skins marketed each year of the more important animals. In the pages following the lexicon will be found comprehensive information regarding the protection and propagation of fur bearing animals, the dressing, dyeing and improving of skins, the relative durability of various furs, and a comparison of the present prices with those ruling at other times. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
