*****.A troubling, prophetic dream plagues retired army officer

John Anderson, encouraging him to prepare for an unknown

disaster. When he hears of seismic activity in Yellowstone

National Park, John realizes what s coming: the Yellowstone

Caldera is about to erupt. In the hectic days before the

eruption, John tries to warn family and friends with varying

success. Although he convinces his wife and children, others

dismiss him as a nut-job survivalist. In preparation for the

disaster, John lays in food and other supplies as he struggles to

understand dreams that prompt him to action. Written by

disaster preparedness consultant Kenneth Cary, Curtain Fall is

a realistic, day-by-day portrayal of how to prepare for and

survive a major disaster. The last time the Yellowstone Caldera

erupted, thousands of square miles were covered with volcanic

rocks and ash, devastating what is now Wyoming, Montana,

and Idaho. Will you be ready when the curtain falls?.
