SCM curriculum guide

By YANG JU YI

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment.Pages Number: 305 Publisher: Tsinghua University Press. Pub. Date :2009-09. book is based on the students overall ability and practical ability requirements. carefully selected 30 single-chip design and engineering application programs. typical examples include the microcontroller interface. AD converter. DA converter. road traffic lights control. temperature measurement. computer communications. LED dot matrix character display. electronic calendar. Responder. etc. in the preparation of the content on a uniform format. including project overview. project requirements. system design. hardware design. software design. system simulation and debugging. The book provides a complete list of procedures and the circuit diagram. help the reader understand. extend and production. The book uses a practical project example. seeks to combine theory and practice. taking students to solve practical problems and the integrated application of engineering ability. Typical examples are from the book of practical engineering applications. and provides PROTEUSISIS software simulation to help students hands-on ability and training. Contents: Project 1 is based on SCM at89s52 traffic light control system design project 2 at89s52 microcontroller based temperature control system based on item 3 of the stepper motor...

Reviews

The ebook is straightforward in go through preferable to recognize. It typically does not charge too much. Its been designed in an exceptionally straightforward way and it is just following i finished reading this book where basically altered me, affect the way i really believe.
-- Dr. Reta Murphy

It becomes an amazing pdf which i actually have at any time read through. This can be for all those who statte there had not been a worthy of reading through. You wont sense monotony at anytime of your own time (that's what catalogues are for relating to should you check with me).
-- Claud Kris
