John Frames Theology of Lordship series has been greeted with acclaim, The Doctrine of God receiving an ECPA Gold Medallion Award. This fourth and final volume in the series discusses Gods Word in modern theology and how Gods Word comes to us as his controlling power, meaningful authority, and personal presence. Dr. Frame says that Gods speech to man is real -- like one person speaking to another. God speaks so that we can understand him and respond appropriately. Appropriate responses are of many kinds: belief, obedience, affection, repentance, laughter, pain, sadness, and so on. Gods speech is often propositional: Gods conveying information to us. But it is far more than that. It includes all the features, functions, beauty, and richness of language that we see in human communication, and more. So the concept I wish to defend is broader than the propositional revelation that we argued so ardently forty years ago, though propositional revelation is part of it. My thesis is that Gods word, in all its qualities and aspects, is a personal communication from him to us. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Hardcover.
